Welcome to Larry's Barber College

HISTORY:

Larry E. Roberts, Jr. was born May 8, 1973 to the parents of Larry E. Roberts Sr., and Darlene Roberts. Larry started cutting hair at the age of 13 in his parent's basement. His clients grew so rapidly that he allowed his buddy to help service the clients. He even had his mother and sister Tramaine, book appointments for him. He is also a talented musician as well as a renowned barber. After completing Barber College, at the age of 18 he opened the first Larry's Barber Shop in Matteson, Illinois. His clients followed him to his barber shop where he continued to be recognized for his professional barber skills and creativity. Larry reinvested the shop profits to make sure he had a professional environment for his clients and barbers. He has a great passion for people and actively encourages everyone to aim high in life. Larry relocated his barber shop to the south side of Chicago to provide a quality location and services in an underserved community. This shop became very well known for its professional and quality service.

Many clients and young men and women were so motivated by Larry's unique barber skills and management style they wanted to become barbers also. In 2004, Larry opened his first barber college in the same Chicago area. Larry's Barber College mission is to provide the community a positive, professional atmosphere for barber training, career development, client servicing and mentoring to provide students a better alternative than the streets. Larry is very effective in communicating this message, which led to an opportunity to open Larry's Barber College II and Entourage Beauty College in 2006.

He's a very self-motivated, goal directed individual of great faith and love of God. He has developed a great staff that works diligently to ensure Larry's Barber College is "educating a new generation of professional Barbers."

Awarding Financial Aid

Financial Assistance at Larry's Barber College is awarded on a first-come, first-serve basis.

1. The first step of the award process is to determine the student's budget using the ISIRs.
2. The second step of the award process is to determine the student's need for financial assistance by subtracting the EFC from the student's budget. After the need has been established, we process in awarding eligible financial programs accordingly.

The Pell Grant is the foundation of a student's award package because eligibility is determined by the Federal Government. Therefore, we first determine if students have Pell Eligibility. We determine the amount by reviewing the Federal Pell Grant Payment & Disbursement Schedule. Also factored in determining the amount of the award is the student's enrollment status, and cost of attendance. After eligibility for the Pell Grant is determined, we subtract the Federal Pell Grant from the need to determine the student's remaining need for financial assistance.

Determination of Total Funds to be awarded

The Director in conjunction with the Business Manager determines the total aid to be awarded during an academic year. The Department of Education sends the Financial Aid Office information detailing annual fund allocations through the Federal Authorization Letter with the Official Notice of Funding.

Determining the total funds available includes an evaluation and projection of available funds, required matching, and administrative expense. Careful projections are made to enable the Financial Aid Office staff to offer fair and equitable packages to students. A determination is made based on prior year history and an increase of projected funds to account for attrition.

Outside Resources

Students are encouraged to seek assistance from outside resources. It is required that all outside assistance be reported to the Financial Aid Office. Student aid including outside resources, may not exceed the student's cost of attendance. Therefore, if a student has been awarded by the aid office and receives an outside award, an adjustment to the original award letter may be necessary. If an adjustment is made, the outside aid will replace self-help aid if possible.

Award Letter and Acceptance of Awards

Students receive notice of financial aid via an Estimated Financial award letter.

Revision of Financial Aid Awards

Once an award letter is sent to the student, there may be instances which warrant a change to the original notification. The Director may review a student's circumstances, make an adjustment to an award, and release a revised award letter. This revised award invalidates the original award notice.

Revision Initiated by the Financial Aid Office

The Financial Aid Office will automatically consider a revision in a student's aid package when the following occurs:

1. There is conflicting information in the file.
2. There are changes resulting from verification.
3. There is a change in availability of funds.
4. There is a Financial Aid Office staff member error.

The information provided along with the award letter acknowledges right of the Financial Aid Office to make a change to any award. Students are sent a revised award letter as soon as possible. In the case of an office error, it is customary to contact the student personally or send a personalized letter.

Revisions Initiated by Request from Student

Students may decline any portion of their award. Lack of acceptance does not count as a revision. If a student wants to add an award, the request will be referred to the program manager. It is the student's responsibility to notify the Financial Aid Office of changes in a student's resources. If the student reveals a change in circumstances, which may affect the student's family contribution, the student must document the situation in writing including supportive documentation. If a change to the award is allowable, the program manager will make an adjustment and release a revised award letter.

Over awards

In over-award occurs any time a student's disbursed financial aid (federal and outside aid) and other resources exceeds the cost of attendance for the award period by more than an allowable tolerance.

Eliminating an Over award

Before reducing a student's aid package because of an over award, the Aid Administrator should always attempt to alleviate the situation by reducing or eliminating the over award. Some awards may be reduced or canceled in order to alleviate an over award.

Causes of an Over award and/ or Overpayment

There are several causes of an over award:

1. Change in the enrollment status - the student withdraws or drops below the projected enrollment status.
2. Reduction in cost of attendance - the student changes budget categories.
3. Additional resources - the student has resources greater than those used to calculate the award.
4. Administrative error - the Aid Administrator inadvertently makes an error.
5. Fraud - the student intentionally deceives or misrepresents information to obtain funds.

Treatment of an Over award

If eliminating the over award is not possible the Aid Administrator must reduce the over award using the following sequence:

1. An over award over \$300 based on surplus earnings must be counted as a resource for the next academic year.
2. An over award from an administrative error must first reduce or eliminate next semester's overpayment. The Aid Administrator must then bill the student for any remaining amount.
3. If an Over award occurs due to fraud, the Director must be notified and corrective action taken.

LOANS

Direct Loans

The Direct Loan Program is designed to assist regular matriculating students' in meeting their financial obligations and offers a simpler way to borrow funds. Under this program, the funds for your loans are lent to you directly by U.S. Department of Education.

Federal Direct (Subsidized) Loans

Under this program, the federal government pays the interest on these loans while the students (dependent or independent) are in school and during deferments. A student must demonstrate financial need in order to receive this loan.

Federal Direct (Unsubsidized) Loans

Under this program, the federal government does not pay the interest while a student (dependent or independent) is in school or during deferments for this loan. A student can receive this loan regardless of financial need up to the established limits. Also, students whose parents are unable to borrow under the (PLUS) program are eligible to receive the program.

Direct (PLUS) Loans for College Students

This program allows credit-worthy parents to borrow money for the student. The parent must submit to the Financial Aid Office a PLUS loan application request the amount they are seeking to borrow. If the Loan is approved, the parent is responsible for the repayment of this loan. The initial payment starts approximately sixty days after the loan has been fully disbursed to the student's account.

Loan Limits

The loan amounts undergraduates and graduates students may be eligible to borrow under these programs are determined by academic progress.

Procedures:

Determine Borrower Eligibility and Loan Amounts

1. All students applying for Federal Direct Loans must complete a Free Application for Federal Student Aid (FAFSA).
2. The Central Processing System (CPS) will match required database information and calculate a student's expected family contribution (EFC) using the federal need analysis.
3. After receiving an electronic report from the CPS, the calculated EFC will be used to determine the student's award package for Federal Direct Loans.

4. The student will be notified of the estimated Federal Direct Loan award amount is his/her award letter package. Upon, acceptance, the student will return the signed award letter to the Financial Aid Office.

National Student Loan Data System (NSLDS)

NSLDS is the first national database of information relating to loans and other Title IV financial aid disbursed to students. The overall purpose of NSLDS is to support ED and the entire student aid community in a variety of operational research functions aimed at improving the administration and delivery of Title IV student aid programs. Beginning with the 2002-03 award years, the National Student Loan Data System may be used by postsecondary educational institutions to meet the regulatory requirements for obtaining Financial Aid Transcripts for most Title IV student aid applicants.

With the exception of mid-year transfer students, using the information from the NSLDS will allow schools to meet the regulatory requirements for obtaining FAT information for those Federal student aid applicants who have previously attended other eligible postsecondary institutions. Schools may obtain FAT information from the NSLDS through several methods including the Student Aid Report and the NSLDS History section of the Larry's Barber College Student Information Record (ISIR). Once a school has obtained financial aid history information from the NSLDS, including using the NSLDS information on a student's SAR or in the ISIR, it will not be required to re-check the NSLDS prior to disbursing Title IV student assistance.

GENERAL INFORMATION:

If you wish to apply for financial aid or you have questions, contact the financial aid officer. Additional information regarding the student aid programs available may be found the "Free Application for Federal Student Aid" published by the U.S. Department of Education or visit the website www.federalstudentaid.ed.gov, or www.FAFSA.ed.gov.

Compliance Statement

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify student's identities to process the awarding funds, the collection of funds and the tracing of individuals who have borrowed funds from the federal, state or private programs.

RETURN OF TITLE IV FUNDS

The law specifies how Larry's Barber College must determine the amount of Title IV program assistance that has been earned if a student withdraws from school. The Financial Aid Office will perform a Return of Title IV Funds calculation when a federal student financial aid (Title IV) recipient withdraws from his/her program. This process ensures that the institution correctly calculates the amount of federal student financial aid earned by the student and returns any unearned funds back to the respective federal student financial aid program(s). In some cases, the student will be required to return unearned Title IV funds. In addition, the Return of Title IV process may result in the student owing the school for unpaid tuition and fees.

The requirements for Title IV program funds when you withdraw are separate from Larry's Barber College institutional refund policy. Therefore, the student may still owe a balance to the school to cover unpaid institutional charges.

A student may withdraw from Larry's Barber College at any time by notifying the administration office in writing of his/her decision to withdraw. The student will be considered withdrawn by the postmark on written notification, the date said notification is delivered to the school in person, the date of expulsion by the school, 14 days after the last day of attendance, or the expiration date of an approved Leave of Absence. It is highly recommended that the student speak a Financial Aid Advisor or administrator prior to withdrawing.

A student's withdrawal is defined as:

1. *Official Withdrawal* - The student notifies Larry's Barber College of his/her decision to withdraw or the school expels the student.
2. *Unofficial Withdrawal* - The student who has ceased attending all classes and has not provided Larry's Barber College with his/her decision to withdraw. A student is considered withdrawn from Larry's Barber College after 14 days of nonattendance and no communication between the student and the school.

All refunds are based on the students last day of attendance.

The portion of Title IV funds a student is allowed to retain is calculated on a percentage basis by dividing the total number of clock hours scheduled to be completed as of the withdrawal date in the period, by the total clock hours in the payment period.

For example, if the student withdrew at 135 scheduled clock hours of a payment period that has 450 clock hours, the student has completed 30% of the period and therefore has earned 30% of federal student financial aid that was disbursed or could have been disbursed. That means that 70% of the aid that was disbursed or could have been disbursed remains unearned and must be returned to the federal student financial aid programs(s).

A student earns 100% of federal financial aid once he or she has completed more than 60% of the scheduled clock hours in the payment period.

If the amount of aid disbursed to the student is greater than the amount of aid earned by the student, the unearned portion must be returned to the federal student financial aid program(s). In returning unearned funds, Larry's Barber College is responsible for returning the portion of the excess equal to the *lesser of* :

1. The institutional charges for the payment period multiplied by the unearned percentage of funds, or
2. The entire amount of excess funds.

A student may be required to return excess unearned Title IV funds. However, if the excess unearned funds consist of Title IV loans, then the student repays the loan(s) in accordance with the terms and conditions of the promissory note. If the excess unearned funds consist of a Title IV grant, the student is required to repay only the portion which exceeds 50 percent of the amount of grant received over \$50.

If the amount of aid disbursed to the student is less than the amount of aid earned by the student, a post-withdrawal disbursement may be available to assist the payment of any outstanding tuition and fee charges on the student's account. The post-withdrawal disbursement will be made from Title IV grant funds before available Title IV loan funds. If part of the post-withdrawal disbursement is a grant, the institution may apply the grant funds to tuition and fees or disburse the grant funds directly to the student.

If a student is eligible to receive a post-withdrawal disbursement from Title IV loan funds, the student will be asked for his/her permission to either disburse the loan funds to the student's account to reduce the balance owed to the institution, or disburse the excess loan funds directly to the student. Larry's Barber College has 30 days from the date of Larry's Barber College's determination the student withdrew to offer the post-withdrawal disbursement of a loan to the student.

The student has 14 days from the date Larry's Barber College sends the notification to accept the post-withdrawal disbursement in writing. If the student accepts the post-withdrawal disbursement, Larry's Barber College will make payment as soon as possible, but no later than 45 days from the student's withdrawal date. No portion of the post-withdrawal disbursement of loan funds will be disbursed if the student does not respond to Larry's Barber College's notification.

Once the unearned portion of the return of funds has been calculated, the Financial Aid Office will return the aid to the appropriate federal student financial aid program(s) within 45 days of the date of determination that the student withdrew. The order of return is specified below. The unearned funds will be “charged back” to the student’s tuition account, and this may result in unpaid tuition and fees. The students will then be billed for any unpaid institutional charges that result from the return of funds to the Title IV programs, and will be responsible for full payment. A student will not be allowed to re-enter, register, or receive an official academic transcript until the outstanding balance has been paid in full. Unearned Title IV funds will be returned to the federal student aid programs in the following order:

1. Unsubsidized Direct Loan
2. Subsidized Direct Loan
3. Federal Pell Grant

SCHOOL SAFETY & SECURITY POLICY:

Introduction:

This document has been designed to inform all students and employees of Larry's Barber College about its safety and security procedures and policy. The safety of our students and employees is an important concern of the administration. This document explicates this institution policy regarding crime and accident prevention, public safety, and criminal and accident reporting procedures. Read this document carefully and ask questions if you feel confused or uncertain. Larry's Barber College, herein referred to as "school" or "institution," uses the following policy and procedures:

Crime and Accident Prevention:

The school does not assume liability for stolen property. Therefore, students and employees should always keep their personal belongings locked in the student lockers, which have been provided. The institution encourages students and staff not to bring expensive jewelry, money, or other valuables to the school. Such items should be left at home in order to reduce the chance of theft. The school reserves the right to prosecute any student or employee to the full extent of state and United States federal law for any criminal violation committed on the school premises. The school will take into consideration the specifics of any student who may be accused of a crime on a case-by-case basis, which may include suspension or termination from school. Criminal violations may include, but may not be limited to the following:

- Murder
- Rape
- Forcible sex offenses
- Non-forcible sex offenses
- Robbery/theft
- Simple or aggravated assault
- Unlawful consumption or possession of alcohol or other controlled or illegal substance
- Hate crime including larceny-theft, simple assault, intimidation, or vandalism

Further preventative measures include:

1. Students and/or employees shall **not** be permitted to consume illegal or controlled substances, including alcoholic beverages, during school hours or at school functions.
2. Students and/or employees shall **not** be permitted to have any illegal or otherwise dangerous weapons in their possession or on school property. Such a violation will result in the confiscation of the weapon, possible prosecution, and possible termination from enrollment or employment.
3. Students and/or employees must keep their property securely locked in the designated areas in order to prevent theft.
4. Students and/or employees must park in the designated areas and should always keep their cars securely locked.
5. Employees and/or students must never remain alone within the facility after closing without administrative approval. If approval has been given, the outside door must remain locked at **all** times, and the student/ employee must not allow any unauthorized individual entrance.
6. All employees should make certain that the offices remain securely locked at **all** times. When leaving the office, the employees **must** always check the door to ensure it is secure.
7. Employees should never lock the facility alone. Two people **must** always be present during locking procedures. The two individuals should check to ensure that both have entered their vehicles safely.
8. Students and/or employees shall report hazardous conditions (i.e., faulty or broken equipment, water leaks, chemical spills, exposed electrical wires, etc.) to the School Director for immediate attention.
9. The School Director shall handle all such hazards with appropriate caution and expedience. Proper procedures may require the School Director to notify the appropriate agencies (i.e., the poison control center, fire department, Power Company, etc.).
10. Students and/or employees shall not attempt to repair damaged electrical equipment or exposed wires. Instead, such problems should be reported to the administration.
11. Damaged or dangerous structural conditions shall be reported to the School Director immediately.
12. Students and/or employees should handle all equipment correctly (i.e., within the manufacturers specifications). The school will not be responsible for accidents caused by inappropriate or negligent use of any of its equipment.

13. Students and/or employees shall not be permitted to use unauthorized equipment. The school will not accept liability for accidents involving such unapproved equipment.
14. Students and/or employees with unusual, serious health conditions must report such conditions upon admission or employment. Arrangements must be made with his or her physician for appropriate preventative measures. All such conditions *will* be kept confidential among school management.
15. Employees shall be required to attend a workshop on first-aid care. The administration will organize the workshop, which will involve accepted professional organizations.

CRIMINAL AND ACCIDENT REPORTING PROCEDURES:

The school does not have individual campus security. All crimes are reported to the local police department for investigation and action. We encourage all students and employees to report all crimes in a timely manner to, the School Director, who will promptly contact the local authorities to address the issue. Victims and witnesses are encouraged to report crimes, but it is solely on a voluntary basis.

In the event of a fire:

- All occupants should proceed to the nearest available exit in an orderly, calm manner.
- Leave all personal belongings behind.
- Assist the elderly, handicapped, and children to the nearest exit.
- Do *not* attempt to contain the fire. Evacuate immediately and leave containment to trained professionals.
- Once safely outside, stand in a group at a safe distance from the building. Instructors should take a count to ensure no one is still inside.

In the event of a general emergency within the school premises, please notify the school administration immediately and remain calm. The school personnel are trained in emergency response and evacuation procedures. If the school administration determines that students and staff are in danger and need to leave the school premises, an immediate announcement will be made over the school intercom system. Do not exit the building unless you have been directly instructed to do so. Please listen to all announcements, remain calm, and follow the directions of the school staff. The staff will direct you where to go in the event of an emergency in order to ensure your safety.

The school will review its evacuation plans and procedures during orientation on the first day of class and yearly with the student body and staff. The school will also conduct emergency evacuation tests annually in order for the staff and students to clearly understand the procedures.

DRUG & ALCOHOL ABUSE PREVENTION POLICY (DAAPP):

This is to inform Staff and Students of the requirements of the Drug-Free Schools and Communities Act Amendments of 1989, Public Law 101-226 and what Larry's Barber College requires of its Staff and Students.

All Staff and Students are prohibited from the unlawful manufacture and distribution, possession, or use of illicit drugs or alcohol. This prohibition applies while on the property of the school or participating in any institutional activity. This prohibition also applies to any student or employee who has a state issued medical marijuana card. Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion from school or termination from employment.

There are numerous legal sanctions and penalties under local, state, and federal laws, which can be used to punish violators. Penalties can range from suspension, revocation and denial of a driver's license to 20-50 years imprisonment at hard labor without benefit of parole. Property may be seized. Community service may be mandated.

Recent federal anti-drug laws affect a number of areas in everyone's lives. Students could lose eligibility for federal financial aid, could be denied other federal benefits, such as Social Security, retirement, welfare, health, disability, and veterans benefits. The Department of Housing and Urban Development, which provides funds to states and communities for public housing, now has the authority to evict residents and members of their household who are involved in drug related crimes on or near the public housing premises. Businesses could lose federal contracts if the company does not promote a drug-free environment. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain careers.

The laws of the State are adequate to protect the innocent, but stringent enough to insure that persons involved with the illegal dealing of drugs or excessive use of alcohol can be adequately punished. For example, a small amount of drugs found on a person may lead to an arrest, which could require the person to make payment of all court costs as well as participate in mandatory community service. A person found with drugs with the intention to distribute, could be imprisoned. A person found to be intoxicated while driving could be forced to pay court costs, lawyer's fees, participate in community service, receive an increase in the cost of automobile insurance or even lose their driver's license and end up in prison.

The State has various laws regarding misuse of controlled substances (prescription drugs), alcohol, and also the use of illegal drugs.

In addition to local and state authorities, the federal government has four agencies employing approximately 52,500 personnel engaged in fighting illicit drugs. These agencies are: The Drug Enforcement Agency, U.S. Customs Service, Federal Bureau of Investigation, and the U.S. Coast Guard.

Here are a few legal facts that you should be aware. It is a crime to hold someone else's dope. It is a crime to sell fake dope. You can be arrested if you are in a house (or a school) where people are using drugs, even though you are not.

You are considered to possess, under legal terms of "constructive possession," dope that is in your locker, purse, car, or house.

Drug abuse is the utilization of natural and/or synthetic chemical substances for non-medical reasons to affect the body and its processes, the mind and nervous system and behavior. The abuse of drugs can affect a person's physical and emotional health and social life. Alcohol is the most abused drug in the United States.

Drugs can be highly addictive and injurious to the body as well as one's self. People tend to lose their sense of responsibility and co-ordination. Restlessness, irritability, anxiety, paranoia, depression, acting slow moving, inattentiveness, loss of appetite, sexual indifference, comas, convulsions or even death can result from overuse of drugs.

Not only does the person using the drug subject himself to all sorts of health risks, drug use can, and in many instances do, cause grief and discomfort to innocent people. A drug-dulled brain, for example, affects the wide range of skills needed for safe driving, such as thinking. Further, reflexes are slowed, making it hard for drivers to respond to sudden, unexpected events. Alcohol-related highway deaths are the top killer of 15-24 year olds.

Dependency upon drugs can only lead to a life of misery and misfortune. The illegal use or abuse of drugs has a very high impact on our society and the type of crimes committed. To support a drug habit, people must resort to many things, which can only lead to a life of horror and in some instances, death. The dollar costs can range from \$200 to \$3000 per week to support a habit. More importantly, the drug habit impacts a person's family and lifestyle and career prospects as well as one's physical well-being and self-respect.

Treatment is available and may be expensive. For example, a typical live-in program lasting four (4) weeks can cost from \$5,000 to \$15,000. Out-patient programs cost from \$1,000 to \$5,000. Who pays for these treatments? There may be programs that cover the costs. One way or another, the person and the taxpayer pays! It has been proven that an individual "hooked" cannot just stop, but requires professional care to kick the habit.

There are classic danger signals that could indicate the first sign of drug use. The primary ones that could call attention to one's use of drugs are:

- Abrupt changes in mood or attitude
- Continuing slump at work or school
- Continuing resistance to discipline at home or school
- Cannot get along with family and friends
- Unusual temper flare-ups
- Increased borrowing of money
- Heightened secrecy
- A complete new set of friends

We recommend that any person observing any of the above changes in either staff or students, immediately notify the school manager or director. Caution must be observed not to wrongly accuse a person suspected of taking drugs as an improper accusation could lead to embarrassment both to the individual and the school.

Once it has been determined by management that assistance to overcome a drug problem is necessary, the individual and his/her family will be counseled on where they can obtain professional assistance. Records will be maintained of any counseling provided the individual, but will remain confidential.

There are clinics in the school's vicinity, which can render assistance. Treatment must be an expense borne by the student/patient. The school can only offer advice in a limited manner. If the individual is in immediate danger of harming him/herself or others, local law authorities will be immediately contacted. Staff and students who violate these standards of conduct subject themselves to disciplinary action. Students are reminded that as a pre-condition to accepting a Pell Grant, that they sign a certificate stating they would not engage in the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance during the period covered by a Pell Grant. A Pell Grant recipient convicted of a criminal drug offense resulting from a violation occurring during the period of enrollment covered by the Pell Grant, must report the conviction, in writing, within 10 calendar days of the conviction, to the Director, Grants and Contracts Service, U.S. Department of Education, 400 Maryland Avenue, S.W., Room 3073, FOB-6, Washington, D.C. 20202-4571. Failure to report the conviction could lead to loss, suspension and/or termination from the school.

There are drug or alcohol counseling, treatment, and rehabilitation facilities available in our area where you can seek advice and treatment.
